

Ca-PRI 2023 Programme
Day Zero Wednesday 22nd March

17:00	Uncomfortable Oxford History of Medicine Walking Tour (Meet Bridge of Sighs)
18.30	Drinks Reception (Nuffield Department of Primary Care Sciences, Radcliffe Observatory Quarter – Walking Tour Endpoint)
19:30	Early Career Researchers Networking Dinner (All Bar One, High Street)

Day One Thursday 23rd March

08:30	Coffee and Registration
	SNSC Auditorium Chair: Brian Nicholson
09.30	Welcome from Brian Nicholson and David Weller
09.35	Peter Johnson – The role of primary care in the NHS cancer strategy
10.00	Anne Mackie - Are there challenges ahead for personalised cancer screening
10.25	Ruth Etzioni - Informing the primary care conversation about multi-cancer early detection testing
10.50	Oxford Cancer Patient and Public Involvement & Engagement Group
11.05	Q&A with Thursday Morning Keynote Speakers
11.30	Coffee
	<i>Please note you can find the abstract for each presentation in the brochure under the abstract number listed as AXXX.</i>

11:50	<p>SNSC Auditorium</p> <p>Chair: Anna Dowrik</p> <p>Screening and Prevention 1</p> <p>SMARTscreen to SMARTERscreen: using a novel SMS with narrative communication to increase uptake of the National Bowel Cancer Screening Program in Australia, learning from a pilot study Jennifer McIntosh (A196)</p> <p>Acceptability of risk-stratified bowel cancer screening: findings from 'At Risk', a qualitative study Hannah Miles (A203)</p> <p>Formulation of a clinical practice guideline on cancer screening for primary care Martin Wong (A250)</p> <p>GPs' use of symptomatic FIT and public barriers and enablers to completion. Lindsay MacDonald (A278)</p> <p>A screening ratio for the performance of GP participation in a national bowel cancer screening programme accounting for sociodemographic differences Martina Slapkova (A295)</p> <p>Significant predictive contribution of genetic propensity in integrated dynamic early detection models for colorectal cancer, encompassing core demographics, genetics, symptoms, biomarkers, medical history, and lifestyle: A UK Biobank</p>	<p>Nash Suite Room 1</p> <p>Chair: Larissa Nekhlyudov</p> <p>Survivorship 1</p> <p>Psychosocial interventions that facilitate adult cancer survivors' reintegration into daily life after active cancer treatment: a scoping review Sarah Murnaghan (A199)</p> <p>Fear of cancer recurrence at 2.5 years after a cancer diagnosis. Needs for care and contacts to general practice. Linda Rasmussen (A200)</p> <p>Experiences of Cancer Survivors with Lifestyle Care in General Practice: a Qualitative Study Famke Huizinga (A277)</p> <p>Effect of a care coordination intervention among vulnerable cancer survivors on patient-reported outcomes Rikki Ward (A233)</p> <p>Impact of the COVID-19 Pandemic on the Quality of Breast Cancer Survivorship Care in the United States (US) Lauren Wallner (A251)</p> <p>Development of the HT&Me intervention to support women with breast cancer to adhere to adjuvant endocrine therapy and improve quality of life Elia Watson (A307)</p>	<p>SNSC Seminar Room 1</p> <p>Workshop (Early Diagnosis) - Multi-cancer early detection (MCED) blood tests for symptomatic patients in primary care - Sara Hiom (A310)</p>	<p>Nash Suite Room 2</p> <p>Chair: Li Li</p> <p>Context and Communication</p> <p>Improving communication from secondary to primary care about treatment decisions for patients with cancer: development and pilot testing of a new format for written communication Vera Hanewinkel (A213)</p> <p>Which patient-related context information, available in primary care, should be taken into account during the treatment decision making process for older patients with cancer? Mariken E Stegmann (A215)</p> <p>Involving context information from the general practitioner in multidisciplinary meetings about older patients with cancer Mathilde Tjepkema (A271)</p> <p>Overview of primary care focused cancer research on the island of Ireland – a bibliometric analysis and two-country comparison Benjamin Jacob (A297)</p> <p>Evidence for access: systematic scoping review of access systems in general practice Abi Eccles (A309)</p> <p>'Picking up the pieces': primary care practitioners' experiences of</p>	<p>SNSC Seminar Room 2</p> <p>Chair: Christina Damhus</p> <p>Early Diagnosis - Awareness</p> <p>Feasibility of a Targeted Intensive Community-based campaign To Optimise vague Cancer (TICTOC) symptom awareness and help-seeking in an area of high socioeconomic deprivation Pamela Smith (A174)</p> <p>Symptom appraisal and help-seeking in men with symptoms of possible prostate cancer: a qualitative study with an ethnically diverse sample in London Ben Shaw (A182)</p> <p>Assessing awareness of blood cancer symptoms and barriers to symptomatic presentation: Measure development and results from a population survey in the UK Laura Boswell (A216)</p> <p>Assessing the narratives on lung health using focus group discussions pre- and during-the PEOPLE-Hull lung health public media campaign Julie Walabyeki (A299)</p> <p>Lung cancer awareness in Hull pre-, during- and post-lung health public media</p>
-------	--	---	--	---	--

	prospective cohort study Samantha Ip (A303)			cancer care reviews: A qualitative study Dipesh Gopal (A190)	campaign: The PEOPLE-Hull Study Julie Walabyeki (A300) Every Breast Counts: Supporting Black Women Along the Breast Cancer Journey Elaine Goulbourne (A280)
13.20	Lunch				
14.15	<p>SNSC Seminar Room 1</p> <p>Workshop: Write a Public and Patient Involvement (PPI) plan for your next grant application in 90 minutes (ish): with input from CATCH Study Collaborators – Sarah Bailey (A266)</p>	<p>Nash Suite Room 1</p> <p>Chair: Pradeep Virdee</p> <p>Early Diagnosis-Comorbidities</p> <p>Exploring the impact of comorbidities on cancer outcomes and routes to diagnosis; a retrospective cohort study Bianca Wiering (A186)</p> <p>Cancer diagnostics through Cancer Patient Pathways in patients with psychiatric disorders Line Virgilsen (A194)</p> <p>Diagnostic activities in general practice among colorectal cancer patients with comorbidity Alina Falborg (A201)</p> <p>The impact of anxiety or depression on early diagnosis of cancer – cohort study using linked electronic health records Luke Mounce (A238)</p>	<p>SNSC Seminar Room 2</p> <p>Workshop (Survivorship): Canadian Team to Improve Community-Based Cancer Care along the Continuum (CanIMPACT: Innovation for Cancer Care Research and Practice – Bojana Petrovic (A258)</p>	<p>Nash Suite Room 2</p> <p>Chair: Marcela Ewing</p> <p>Early Diagnosis - Epidemiology</p> <p>General Practice chest x-ray rate is associated with earlier lung cancer diagnosis and reduced all cause mortality: a retrospective observational study Matthew Barclay (A205)</p> <p>Characterising the volume and variation of multiple urgent suspected cancer referrals in England Kirsten Roberts (A243)</p> <p>Identifying barriers to help-seeking for rural residents experiencing symptoms of colorectal cancer and developing strategies to improve early-presentation and diagnosis: The RURALLY Study Christina Dobson (A248)</p> <p>Comparison between the 2014 and 2018 National Cancer Diagnosis Audits for England Ruth Swann (A296)</p>	<p>SNSC Auditorium</p> <p>Workshop (Early Diagnosis) - International primary care data landscape - what does good data look like? - Samantha Harrison (A312)</p>

		<p>Multimorbidity in patients with incident cancer Luke Mounce (A286)</p> <p>Understanding the diagnostic timeliness of cancer patients with pre-existing morbidities: What do different methodological approaches tell us? Gary Abel (A290)</p>		<p>Comparing primary care referrals and secondary care presentations with linked data from the National Cancer Diagnosis Audit Ruth Swann (A253)</p> <p>Cancer risk after a negative initial urgent suspected cancer referral – a national cohort study Thomas Round (A304)</p>	
15.45	Coffee				
16.00	<p>SNSC Auditorium</p> <p>Chair: Claire Friedemann Smith</p> <p>Early Diagnosis – Lightning Talks</p> <p>Public attitudes towards discussing possible cancer signs and symptoms in community pharmacies Claire Champ (A277)</p> <p>Healthcare use and clinical investigations before a diagnosis of ovarian cancer: a register-based study in Denmark Isabella Rousing (180)</p> <p>Colon Cancer in Patients with non-specific Symptoms – comparisons between diagnostic Paradigms Christina Damhus (A195)</p> <p>The cancer diagnostic interval in oral cavity, breast, colorectal, pancreatic, and skin melanoma: its variability and factors associated with its length Patti Groome (A245)</p> <p>Associations between smoking status, health literacy and the healthcare-seeking behaviour with potential lung cancer symptoms in the general population Lisa Sætre (A255)</p> <p>Repeat consultation activity for clinical features of possible cancer before, during and beyond</p>	<p>SNSC Seminar Room 1</p> <p>Workshop (Survivorship): How to study the role of primary care in cancer care - interactive workshop about study designs, PROMs, process evaluations and more – Daan Brandenburg (A230)</p>	<p>Nash Suite Room 1</p> <p>Chair: Rosalind Adam</p> <p>Screening & Prevention – Lightning Talks</p> <p>Improving Patient adherence to Cervical Screening Program in Primary Care – Clinical Audit Negin Gholampoor (A192)</p> <p>Awareness and knowledge of HPV and its role in cervical screening among women in Great Britain: An online population-based survey Laura Marlow (A207)</p> <p>Equality, diversity and inclusion in lung cancer screening: a scoping review Nicola Copper-Moss (A212)</p> <p>Metabolically defined obesity phenotype and risk of colorectal adenoma Li Li (A218)</p> <p>Should I Take Aspirin (SITA): trialling a decision aid for cancer</p>	<p>SNSC Seminar Room 2</p> <p>Workshop (Early Diagnosis) – Cancer diagnosis in the old and frail, what is the evidence and where do we go from here – Daniel Jones (A311)</p>	<p>Nash Suite Room 2</p> <p>Chair: Tanvi Rai</p> <p>Survivorship & Epidemiology - Lightning Talks</p> <p>Distribution, Risk Factors, and Temporal Trends for Lung Cancer Incidence and Mortality: a global analysis Junjie Huang (A261)</p> <p>What is the evidence behind cancer care reviews, a British primary care support tool? A scoping review Dipesh Gopal (A171)</p> <p>A protocol for the development of a brief educational intervention to improve nurse knowledge and confidence to educate patients and carers pre-intravenous (IV) systemic anti-cancer therapy (SACT) in one cancer centre in Wales (UK). Lenira Semedo (A197)</p>

<p>the COVID-19 restrictions: retrospective cohort study from English primary care Lucy Ross (A257)</p> <p>Factors associated with events during the diagnostic process: a questionnaire survey among general practitioners Gitte Bruun Lauridsen (A273)</p> <p>Use of CT scanning and Chest X-rays of Danish Patients with Lung Cancer prior to Diagnosis from 2010 to 2020 Soren Laursen (A275)</p> <p>Planning a mixed-methods study of attendance for suspected cancer investigations in people with anxiety and/or depression Sarah Price (A284)</p> <p>Understanding the barriers and enablers of primary care remote consultations for suspected cancer among vulnerable populations – methodological considerations Stefanie Disbeschl (A292)</p> <p>Exploring patient engagement with their GP practice about lung health symptoms: The PEOPLE-HULL study Alex Young (A298)</p> <p>Are there differences by ethnicity in the recording of cancer features before diagnosis? An English longitudinal data-linked study Tanimola Martins (A301)</p> <p>A systematic review of prescribing patterns in general practice records prior to cancer diagnosis: interim results Benjamin Jacob (A305)</p> <p>A predictive model for colorectal cancer for symptomatic patients in primary care; extending the role of the faecal immunochemical test Mike Cooke (A293)</p>		<p>chemoprevention Jennifer McIntosh (A219)</p> <p>Investigating the influence of rural residency on the uptake of screening for breast, cervical and colorectal cancers in Scotland. Lisa Iverson (A242)</p> <p>Training Women to be Peer Health Coaches that Support Behaviour Change in Women at Risk for Cancer and Chronic Disease: A Mixed-Methods Evaluation of an Online Competency-Based Volunteer Peer Health Coaching Training Program Jackie Bender (A244)</p> <p>Using Concept Mapping to Understand Cervical Underscreening Amongst South Asian Women living in Ontario, Canada Kimberly Devotta (A247)</p> <p>Lessons learned from a community-based screening program: building trust and bringing prevention to those who need it the most. Ana Natale-Pereira (A249)</p> <p>Adapting Colorectal Cancer Screening Strategies to Achieve Success: Lessons learned from the COVID-19 pandemic. Ana Natale-Pereira (A259)</p> <p>Cancer screening participation within a highly urbanised region in the Netherlands: comparing the breast and colorectal cancer screening programmes of The Hague Thom Bongaerts (A225)</p>	<p>Identifying frailty in cancer survivors: patterns of cancer follow-up care and implications for personalized survivorship models Sarah Murnaghan (A209)</p> <p>Rural and Urban patients' Requirements and Experiences of OOH care after cancer (RUREO): A questionnaire study Lisa Duncan (A232)</p> <p>Understanding how survivors' experiences and needs after cancer treatment impact their health care utilization: A survey-administrative health data linkage study Robin Urquhart (A235)</p> <p>Risk of neurologic sequelae among survivors of non-malignant meningioma in the UK Biobank cohort Diana Withrow (A241)</p> <p>Follow-up cancer care in Danish general practice – perspectives from the General Practitioners Dorte Jarbol (A247)</p> <p>Comprehensive Cancer Screening, Prevention, Risk Reduction, and Survivorship: an Integrated Model of Whole-Person Care Christina Crabtree-Ide (A313)</p> <p>Remote vs. face-to-face GP appointments: Availability and public preferences Claire Champ (A279)</p>
--	--	--	--

	Performance of screening tests for Esophageal Squamous Cell Carcinoma: a systematic review and meta-analysis Junjie Huang (A26)		Perceptions and beliefs of general practitioners in the cancer screening programmes in The Netherlands: a mixed-methods study Thom Bongaerts (A270) Pilot lung screening in Scotland: intervention development and interim findings David Weller (A306)		Primary care physicians' knowledge and confidence to provide cancer survivorship care; a systematic review Larissa Nekhlyudov (A237)
17.30	End				
18.30	Drinks reception – Main Quad, Worcester College				
19.30	Dinner – Dining Hall, Worcester College				
Day Two Friday 24th March					
8.30	Coffee				
9:00	Nash Suite Room 1 Workshop (Survivorship): Building PCP-Survivorship Linkages: A Shared Care Model of Cancer Survivorship and Community-Based Primary Care in the United States – Christina Crabtree Ide (A256)	SNSC Seminar Room 1 Workshop (Early Diagnosis): Why do General Practitioners sometimes not think of, or act on, a possible cancer diagnosis? – Michael Harris (A267)	SNSC Seminar Room 2 Workshop (Screening & Prevention): The BETTER Program: An innovative evidence-based approach to support healthier behaviours that reduce the likelihood of cancers and other chronic diseases – Carolina Fernandes (A217)	Nash Suite Room 2 Workshop (Early Diagnosis): Non-specific symptom pathways for cancer: how are they working and where are they going? – Georgia Black (A214)	
10.30	Coffee				

10.50	<p>SNSC Auditorium</p> <p>Chair: Tani Martins</p> <p>Screening and Prevention - Oral 2</p> <p>Psychological Impact of the Galleri Test (slG(n)al): Protocol for a longitudinal evaluation of the psychological impact of receiving a cancer signal in the NHS-Galleri Trial Laura Marlow (A206)</p> <p>Young women with (pre)malignant cervical lesions in the northern Netherlands: what characterises them? Marjolein Dielman (A220)</p> <p>The Yorkshire Enhanced Stop Smoking (YESS) study: process evaluation of a personalised intervention to support smoking cessation within lung cancer screening – Harriet Quinn-Scoggins (A224)</p> <p>Reach and Effectiveness of an HPV Self-Sampling Intervention for Cervical Screening in Ontario, Canada Kimberly Devotta (A246)</p> <p>Implementation of social needs screening for newly diagnosed breast cancer patients: Evaluation of facilitators and barriers to successful screening. Karen Freund (A254)</p>	<p>SNSC Seminar Room 1</p> <p>Chair: Georgia Black</p> <p>Early Diagnosis - Perceptions</p> <p>Understanding patient preferences for investigating cancer symptoms in general practice: A discrete choice experiment Brent Venning (A204)</p> <p>Provider perceptions of interventions to encourage prevention and early diagnosis of cancer after a negative diagnosis Ruth Evans (A211)</p> <p>Establishing the priorities for electronic safety-netting tool features: A qualitative interview and Delphi study with PPI input. Claire Friedemann Smith (A222)</p> <p>The ThinkCancer! Intervention: results and lessons learned from a phase II feasibility trial in Wales Richard Neal (A291)</p> <p>Patient experience and acceptability of using the faecal immunochemical test when presenting with symptoms in primary care: a qualitative interview study Natalia Calanzani (A308)</p> <p>The impact of electronic risk assessment tools (eRATs) for early cancer diagnosis in general practice on GP workload and patient 'flow' during consulting sessions Gary Abel (A290)</p>	<p>Nash Suite Room 1</p> <p>Chair: Fiona Walter</p> <p>Survivorship – Oral 2</p> <p>The NASCAR+ Study - a data-linkage study of the association between travelling time from home to the cancer centre and receipt of post-diagnostic hospital cancer care Peter Murchie (A198)</p> <p>How Cancer Survivors' Challenges After Treatment Impact Transition to Primary Care-led Follow-up Care Jessica Vickery (A202)</p> <p>Characterizing oncology and primary care involvement in breast cancer survivorship care delivery in the United States (US) Archana Radhakrishnan (A231)</p> <p>Factors influencing implementation of a multicomponent intervention to improve care coordination for vulnerable cancer survivors with multiple comorbidities Rikki Ward (A235)</p> <p>Duplication and Fragmentation in Breast Cancer Survivorship Care across Primary Care and Oncology in the United States (US) Lauren Wallner (A252)</p>	<p>Nash Suite Room 2</p> <p>Chair: Eliya Abedi</p> <p>Early Diagnosis - Prediction</p> <p>Validation of a diagnostic prediction tool for colorectal cancer: a case-control replication study Elinor Nemlander (A181)</p> <p>A machine learning tool for identifying non-metastatic colorectal cancer in primary care Elinor Nemlander (A188)</p> <p>Full BLOOD count TRends for colorectal cAnCer deteCtion (BLOODTRACC): development of dynamic prediction models for early detection of colorectal cancer using trends in blood tests from primary care Pradeep Virdee (A183)</p> <p>BMI and HbA1c as metabolic markers for pancreatic cancer Agnieszka Lemanska (A189)</p> <p>Prediction Algorithm for Gastric Cancer in a General Population: a validation study Junjie Huang (A282)</p> <p>Risk of cancer following a low haemoglobin test result by ethnic group – the EPIC study Liz Down (A276)</p> <p>Applying a genetic risk score for colorectal cancer to patients consulting in primary care with high or low risk colorectal cancer symptoms: a cohort study in the UK Biobank Bethan Rimmer (A287)</p>
-------	--	--	---	---

	Exploring perceptions and experiences of NHS breast screening for socio-economically disadvantaged women in Yorkshire Emily Lunn (A294)			
12.20	Lunch			
SNSC Auditorium				
1.20pm	Rikke Sand Andersen and Marie Louise Tørring Crafting Cancer Anticipations: Anthropological perspectives on cancer diagnostic experiences – book launch – Introduced by Sue Ziebland			
2.00pm	<p>Prize talks</p> <p>Chair: David Weller</p> <p>Safety netting in language discordant consultation: does it translate? A qualitative study of healthcare interpreters' perspectives on safety netting in primary care consultations. Eleanor Southgate (A288)</p> <p>CRISP: developing a colorectal cancer risk prediction tool for use in primary care using the MRC Framework for Complex Intervention Jennifer McIntosh (A281)</p> <p>A randomised controlled trial of a digital intervention (Renewed) to support symptom management, wellbeing and quality of life in cancer survivors Kat Bradbury (A283)</p>			
2.45pm	Coffee			
3.05pm	Eva Grunfeld – outstanding career closing plenary – Introduced by Eila Watson			
3.35pm	Closing Remarks – David Weller
