## Call for Papers

### 1st Workshop on Primary Care and Economics

October 17, 2025, Barcelona, Spain

We are pleased to announce the **1st Workshop on Primary Care and Economics**, a pioneering event dedicated to advancing research at the intersection of primary care, health economics, and health policy. This workshop aims to bring together researchers, policymakers, and practitioners to explore the economic dimensions of primary care, including workforce dynamics, patient health outcomes, economic incentives, and the use of primary care data.

**Keynote:** [Gustav Kjellsson, Göteborg](#)

### Workshop Focus

This is the first workshop of its kind, providing a unique platform for researchers working on:

- **Primary care data analysis** (e.g., electronic health records, registries, claims data)
- **Workforce economics** (supply, demand, distribution, and retention of primary care providers)
- **Patient health and economic outcomes** in primary care settings
- **Economic incentives** (payment models, performance-based financing, behavioral nudges)
- **Policy evaluations** impacting primary care systems

### Submission Guidelines

We invite extended abstracts (500–1,000 words) or full papers on relevant topics. Submissions should include:

- Research question, methodology, and (preliminary) results
- Clear implications for primary care policy or practice

**Deadline for submissions:** July 31<sup>st</sup> 2025

**Notification of acceptance:** August 15<sup>th</sup> 2025
