**CONSENT: Feasibility and Acceptability of community COVID-19
 Testing Strategies (FACTS)**

<i>Consent is via an app with the following clauses</i>	<i>If you agree, tick the box</i>	
1. I have read and understand the study information and/or understand the study information as read to me (Version 1.0 27.10.20). I have had the opportunity to ask questions and have had these answered satisfactorily.		
2. I understand that my participation is voluntary and that I am free to withdraw at any time without giving any reason, without my study, work, ability to access local testing services or legal rights being affected.		
3. I agree to inform the research team about any COVID-19 laboratory test results I have during the study period.		
4. I permit the research team to access COVID-19 laboratory test results that I have during the study period.		
5. I understand that data collected by the study team may be looked at by authorised individuals from The University of Oxford. I permit these individuals to access my research records.		
6. I agree to follow University and site COVID-19 guidance in the event of receiving a positive POCT result or of developing COVID-19 related symptoms, and will continue to do so unless I receive a negative result from the laboratory test.		
7. I agree to use the rapid tests only for the intended purpose as outlined the guidance provided by the study.		
8. I agree to take part in this study.		
Additional and optional		
9. I agree be contacted to take part in a telephone interview to discuss my experience of taking part in the FACTS study	Yes	No
10. I agree for you to retain my contact details to be contacted about future ethically approved research studies for which I may be suitable. I understand that agreeing to be contacted does not oblige me to participate in any further studies.	Yes	No
